

## Form for takeover of furnishings or equipment

Sometimes a tenant moving in may wish to take over equipment or furnishings from the previous tenant.

This can apply to such things as blinds, shelves, wall mirrors, dishwashers, washing machines or carpets. Items that are not included in the standard equipment.

SGS Studentbostäder does not undertake to repair, maintain or replace items that have been taken over from the previous tenant.

On signing a form related to the takeover of items from a previous tenant responsibility is transferred to the new tenant, who thereby assumes responsibility for any damage caused and for restoring everything to it's original condition prior to moving out.
